Hi Allan,

I disagree that you agreed to chat with Shannie when I was not CC in the chat. She had asked me for information relating to this and following your answer yesterday concerning Cedric, he and I had agreed that we had to review the entire salary structure in all the clinics and especially his. I wish I could explain that to her before she made her guess.

Do you know the mom/dad relationship? This is exactly what just happened.

Good weekend.

Hi Allan,

I don't know what you are referring to when to talk about Production Report and AR report. I just know what is a DDV.

Thank you
